All exercises in Elocution, Translation and English Composition, in the second and third year of the Preparatory Courses, are class exercises.

No student in any of the foregoing courses can be promoted to an advanced standing without an examination. Students will be considered members of that class only, which they have entered by examination.

All students are expected to attend three daily recitations, unless excused for special reasons.

III.

English Course.

The especial object of the English Course is to furnish instruction in the English branches, to those who are unprepared or indisposed to enter the Classical or the Scientific Course. No special curriculum is provided; but instruction is given in such branches as students may desire to pursue. Both the studies and the methods of instruction in this course are very happily adapted to the wants of those who design to become teachers in the public schools.

Parties not accommodated by any among the regular Courses of Study, can join such classes in either the Preparatory or the College Department, as they may be prepared to enter. Such students, however, will not be allowed to impede their classes by poor scholarship.

Promising measures have already been instituted for furnishing such students as may desire the privilege, with facilities for prosecuting the careful and scientific study of Vocal Music. Classes in Penmanship and Phonography may also be formed at any time.

GENERAL INFORMATION.

LOCATION AND BUILDINGS.

The University is located at Granville, Licking county, Ohio, on the line of the Atlantic & Lake Erie Railroad (now in process of construction); also, three and one-half miles from Union Station, on the Central Ohio Railroad, and six miles west of Newark, in one of the most beautiful and healthful portions of the State, in a community distinguished for intelligence and morality.

The buildings are situated on a hill, north of town, less than six hundred yards from the Public Square, the site containing twenty-four acres, nearly half of it being a grove of old forest trees. The buildings are three. The first is a frame, 32 x 70 feet, three stories high, containing single rooms, and capable of accommodating forty students. The second is of brick, 133 x 45 feet, four stories high, containing four Recitation Rooms, two Society Halls and Libraries, the College Library, Reading Room, Cabinet and Lecture Room, besides thirty-three suites of rooms, affording accommodation for sixty-six students. Each suite of rooms consists of a sitting room 12 x 14 feet, a bed-room 8 x 11 feet, and closets. The third building is of brick, 135 feet long, and four stories high, with basement room. It contains thirty-six suites of rooms, similar to those in the second building, for the accommodation of seventy-two students; also, a fine Chapel, Natural History Room, and four Recitation Rooms.

When the study rooms in the College buildings are insufficient for the number of students in attendance, additional rooms can be procured in town.

TERMS AND VACATIONS.

The Commencement is held on the last Thursday in June of each year.

The College Year consists of forty weeks, and is divided into three Terms, as follows: The Fall Term of fifteen weeks, the Winter Term of thirteen weeks, and the Spring Term of twelve weeks.

The Winter Vacation, which includes the holidays, will be two weeks; and the Spring Vacation, at the close of the Winter Term, will be one week.

EXPENSES.

The Tuition in the College Department is—

For the Fall Term,	-	-	-	-	-	\$13 00
For the Winter and Spring Terms,	-				each,	10 50

In the Preparatory Department—

For the Fall Term,	-	-	-	-	-	10 00

For the Spring Term,	-	-	-	-	-	75

Room Rent in the brick edifices is—

For the Fall Term,	-	-	-	-	-	4 00
For the Winter and Spring Terms,	-				each,	3 00

In the frame edifice—

For the Fall Term.	-	-	-	-	-	2 50
For the Winter and Spring Terms,	-				-	1 75

All term-bills must be paid, or satisfactory security for their payment be lodged with the Treasurer, at the beginning of each term, before students can take their places in their classes. No charge for tuition, room rent, or incidentals will be for a less time than half a term.

Board is not furnished in College. Most of the students board either in families or in clubs. The price is, in families, about \$3.00 per week, in clubs, about \$2.00. Occupants of the frame building may board themselves.

The College rooms contain only stoves and bedsteads. All other furniture, as well as fuel, lights and books, the students provide for themselves.

Text books and stationery can always be obtained in the village or at the University.

The necessary expenses of a student for a year, exclusive of clothing and traveling, range from \$130 to \$220.

LIBRARIES AND CABINET.

The University and Society Libraries contain about eleven thousand volumes. The University Library is open three times each week for the use of members of the College Classes, i. e. Tuesdays, Fridays and Saturdays. It is now receiving constant increase from the Library Contribution Fund of the Association of Alumni, designed to amount to an expenditure, for a term of years, of \$1,000 annually.

The Cabinet contains a choice collection of shells, and full series of specimens for illustration in Geology, Mineralogy, Zoology and Archæology. It is open daily to students and visitors. Students in the College Department have the use of the University Library, as well as of the Cabinet, free of charge.

SOCIETIES.

There are two Literary Societies connected with the College Classes—the Calliopean and Franklin—which have their own halls, and each a carefully selected library of about two thousand volumes.

Connected with the Preparatory Department there is also a Literary Society—the Ciceronian—which is provided with a furnished hall, and a library of several hundred volumes.

MORAL AND RELIGIOUS INFLUENCES.

The whole life and administration of the College, without being sectarian, is pronounced and positive in favor of the Christian religion. The exercises of each day begin with prayers in the College Chapel. This service students are required to attend. They are also required to attend Church twice each Sunday. Two regular weekly prayer

meetings are sustained in the College. Students are made welcome in the various Sunday Schools of the village. In the Baptist Sunday School, several classes, taught by College Instructors, are intended expressly for students.

DISCIPLINE.

Careful records are kept by the College officers from which each student's character for punctuality and attainment in his studies, can be at any time ascertained. This information, in the case of any student, will be furnished to his parents or guardian at any time, on application to the President.

BENEFICIARY AID.

Students for the Ministry, without means of supporting themselves, and properly recommended by piety and scholarship, may be received as beneficiaries of the Ohio Baptist Educational Society. They are thus furnished with free tuition, besides from \$80 to \$150 *per annum* in cash.

EXAMINATIONS.

A rigid examination of every class is held at the close of each term. In most classes the examination is both oral and written. A student's examination mark has half the power of his term mark in deciding whether he can advance with his class to the work of the next term.

DEGREES.

Bachelor of Arts.—This degree is conferred only on such candidates for the same, as have passed the requisite examinations upon all the studies of the regular Academic Curriculum in the University.

Bachelor of Sciences—This degree is conferred only upon such candidates for the same, as have passed examinations upon all the studies of the regular Scientific Curriculum. No further degree is conferred in course.

Candidates for these degrees are required to pay the Treasurer their dues, including a graduating fee of five dollars, and to present a certificate of such payment to the President as early as the Monday before Commencement.

Master of Arts.—Every Bachelor of Arts of three years' standing, who has, during that time, sustained an honorable position in any of the learned professions, may receive the Degree of Master of Arts, on the payment of a fee of five dollars; provided he shall, in the interval, have borne a good moral character. Application must be made to the President previous to Commencement.

ADVANTAGES.

Many considerations particularly recommend Denison University as a seat of liberal learning. Its courses of study are thorough and comprehensive; students in it are peculiarly free from incentives to dissipation; they are constantly subject to a strong Christian influence; the location of the University is beautiful and salubrious; living is cheap, and the intellectual life of the College community is quickened by the presence of other schools.
